

Westbury Town Council has awarded a Cyber Essential - Certificate of Assurance. This is a government backed scheme from the National Cyber Security Centre. You can read more here [Cyber Essentials Scheme: overview - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/cyber-essentials-scheme-overview)

In summary...

What is Cyber Essentials?

Cyber Essentials is a simple but effective, Government backed scheme that will help you to protect your organisation, whatever its size, against a whole range of the most common cyber-attacks.

Cyber-attacks come in many shapes and sizes, but the vast majority are very basic in nature, carried out by relatively unskilled individuals. They're the digital equivalent of a thief trying your front door to see if it's unlocked. Our advice is designed to prevent these attacks.

Why should you get Cyber Essentials?

Certified cyber security

- Reassure customers that you are working to secure your IT against cyber attack
- Attract new business with the promise you have cyber security measures in place
- You have a clear picture of your organisation's cyber security level
- Some Government contracts require Cyber Essentials certification

The image shows a Cyber Essentials Certificate of Assurance for Westbury Town Council. The certificate is issued by RightCue Assurance, a Cyber Essentials Partner. It certifies that the organization's ICT defences were assessed as satisfactory against commodity-based cyber attack as of January 24, 2022. The certificate number is IASME-CE-034938, and it is valid until January 24, 2023. The assessor is Yogesh Agarwal, and the scope is the whole organization. The certificate complies with the requirements of the Cyber Essentials Scheme.

RECERTIFICATION DUE : 2023-01-24
SCOPE : Whole Organisation

CERTIFICATION MARK

CERTIFICATION BODY

CYBER ESSENTIALS PARTNER

The Certificate certifies that the organisation was assessed as meeting the Cyber Essentials implementation profile and thus that, at the time of testing, the organisation's ICT defences were assessed as satisfactory against commodity based cyber attack. However, this Certificate does not in any way guarantee that the organisation's defences will remain satisfactory against a cyber attack.
